

## CDK Service

---

Machine service for packaging machines  
and rotogravure cylinders and others areas

*"Reliable, fast and Swiss quality"*

# About CDK

---

CDK is a company that carries out electrical and mechanical technical services at the field of after-sales. CDK offers you:

- professionalism
- performance
- Swiss quality
- reliability
- quick availability
- precision
- flexibility
- unique service
- extensive technical and intercultural experience

# Our service

---

No matter where you are – we are close to you and guarantee the best technical service of the following manufacturers:

> Heliograph Holding

- Kasper Walter

- Bauer

- H2O

- Daetwyler

> And other manufacturers

# Our service

---

We have a close contact network with all national and international manufactures and thus ensure an efficient and maximum quality of all kind of corrective machine service.

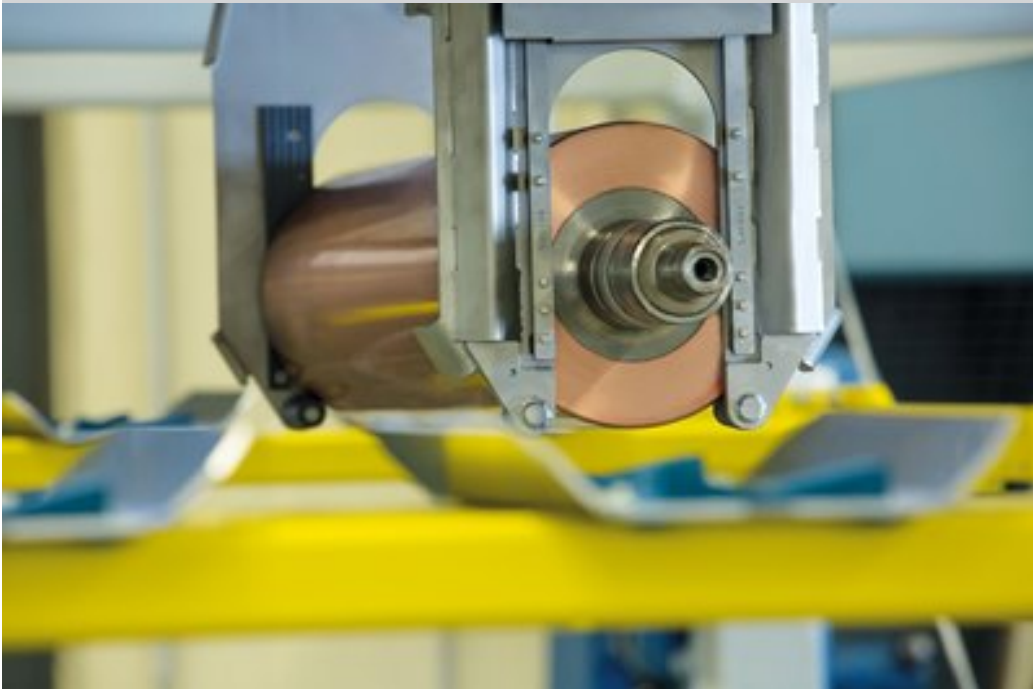

# Spare parts maintenance

---

The profitability of your company is directly related to the optimal use of your machines.

CDK ensures that the necessary and required parts are always available on the site and in good condition.

We take control of your wear-material and consumables.
